Notification of District Closure for Boyd ISD

Dear Boyd ISD Family,

January 11, 2022

Boyd ISD has put into place strategic COVID-19 practices to keep our students and staff safe. With all due diligence, we are seeing a significant increase in cases across the district. Keeping student and staff members' safety in mind, we have made the difficult decision to close all campuses starting tomorrow, 1/12/2022 to begin our COVID-19 deep cleaning protocol. We plan to re-open the campus on Tuesday, 1/18/2022 and resume classes as normal. The Boyd ISD district calendar has additional instructional minutes built in so that students will not be required to make up these instructional days and will NOT be held responsible for missed instruction during these days.

Due to the increased number of positive COVID cases, we are asking that each of you, parents and students, be cautious of your activities during this time away from campus. Please be aware that COVID-19 cases around our county are increasing and affecting our neighboring school districts and communities. If a student or someone in the same household tests positive for COVID-19, it has the potential to possess devastating consequences on our school. Although masks and quarantining for close contacts are not being mandated at this time; we encourage each family to do what they feel is best for the health of your family. We thank you for your continued support and ask for grace during this challenging time.

If you or any member of our Boyd ISD family begins to experience any of these symptoms in a way that is not typical for your overall health, we encourage you to contact your physician. If anyone in our BISD community has a lab-confirmed case of COVID-19, please contact your campus office OR Director of Health Services, Whitney Lamance at 940-433-2327.

Sincerely,

Tami Vardy
